

Evaluation of ATT Performance by the Approved Veterinary Supervisor

For completion between four and six months after the date of full authorisation of the Approved Tuberculin Tester (ATT).

This completed document must be added to the ATT's training record prior to the six month deadline date along with a declaration from the AVS or deputy completing the audit. Failure to do so will result in suspension or expiry of the ATT's authorisation.

The purpose of this form is to obtain your observations of the quality of the TB test performed by the ATT. Please complete **all** pages. Space is provided at the end if you wish to expand on your answers or to provide further comments.
